LAPORAN INSTALASI FLUTER

Nama : Muhammad Dzikri Abdul Muti

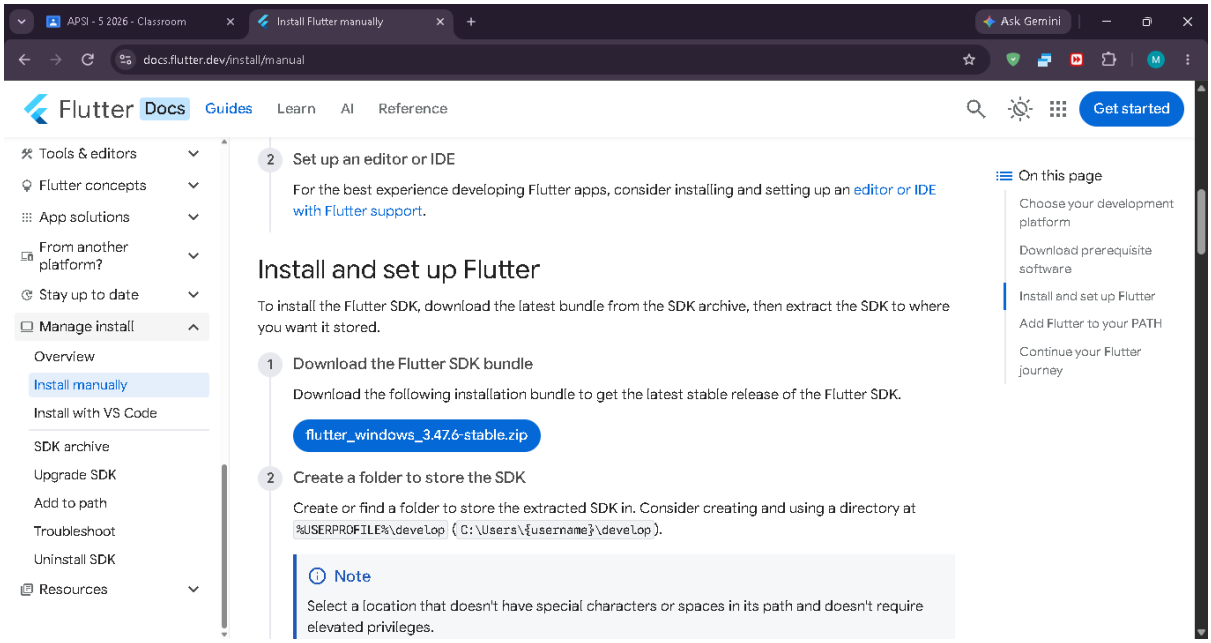

Npm : 5520124043

Link Repo : https://github.com/dzikriabdul/Mobile-5.git

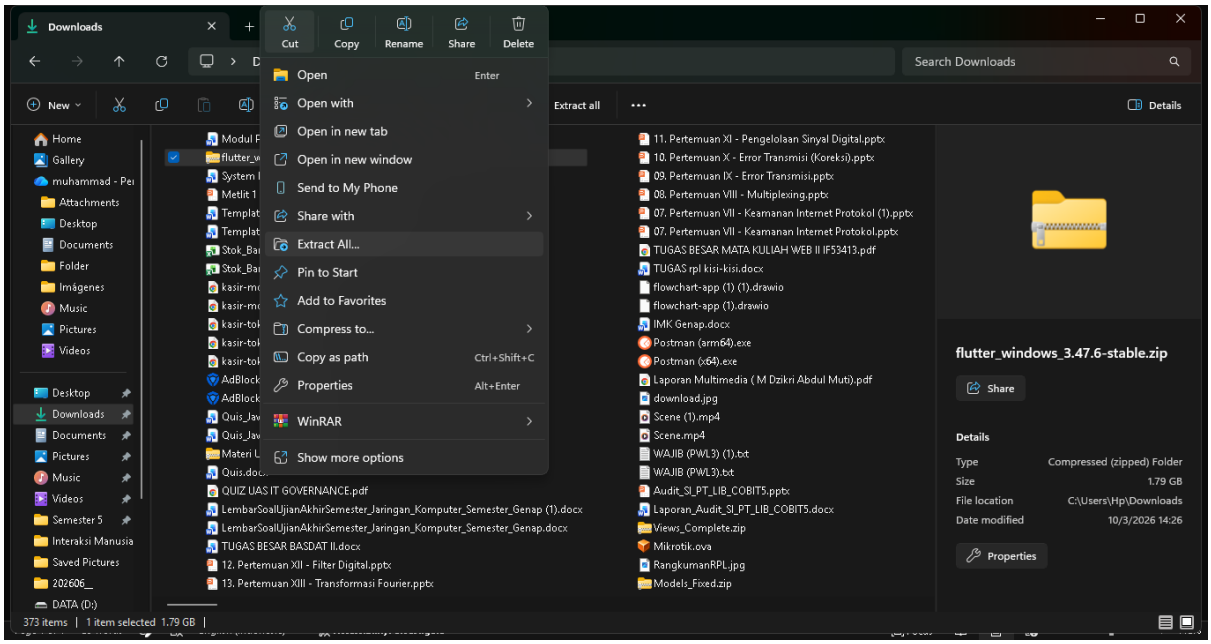

1.Pertama Kunjungi web flutter nya terlebih dahulu

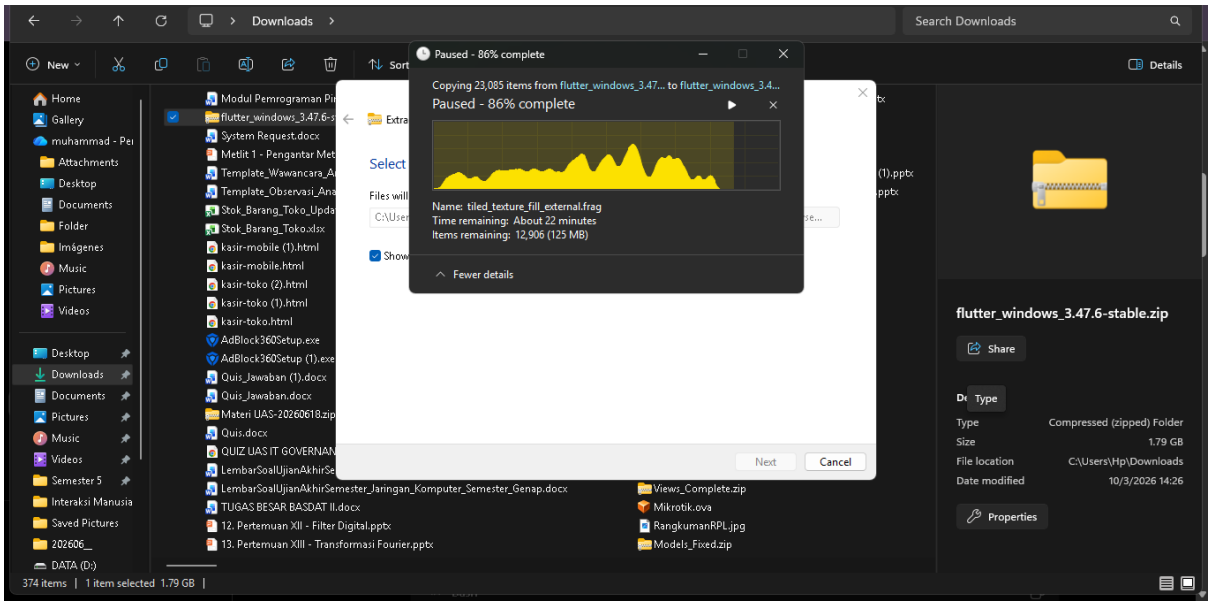

2. Masuk Ke bagian Install Manually dan Download flutter_windows_3.47.6-stable.zip

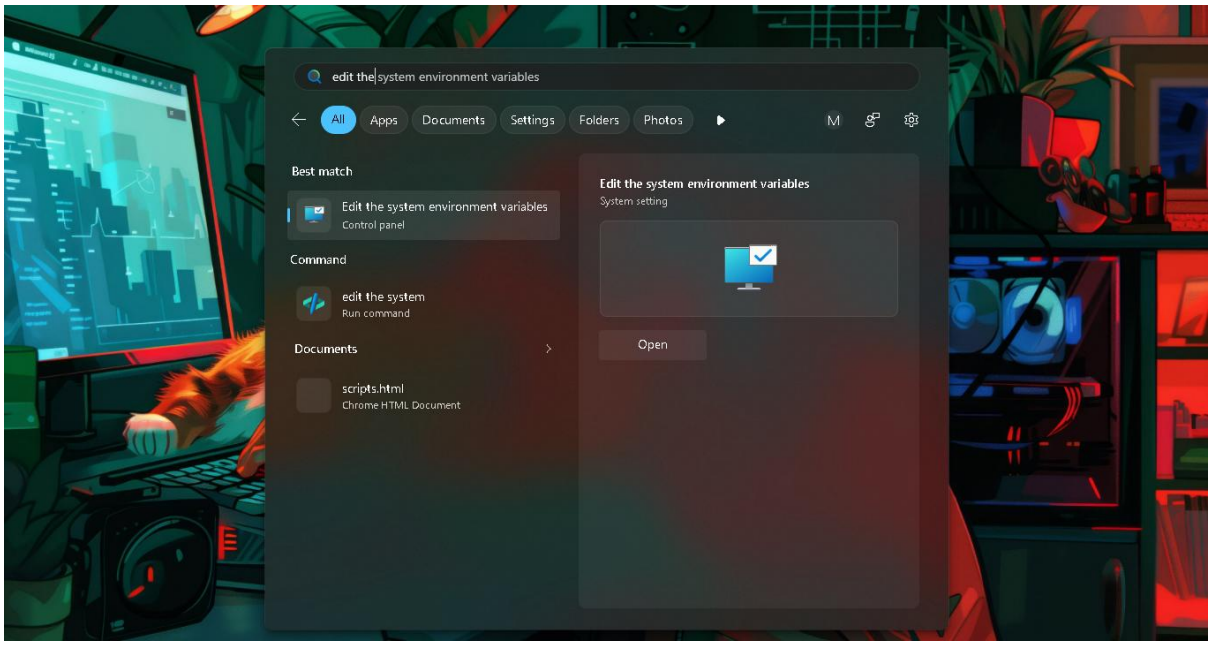

3.Ketika sudah selesai di download buka folder nya lalu di extract all

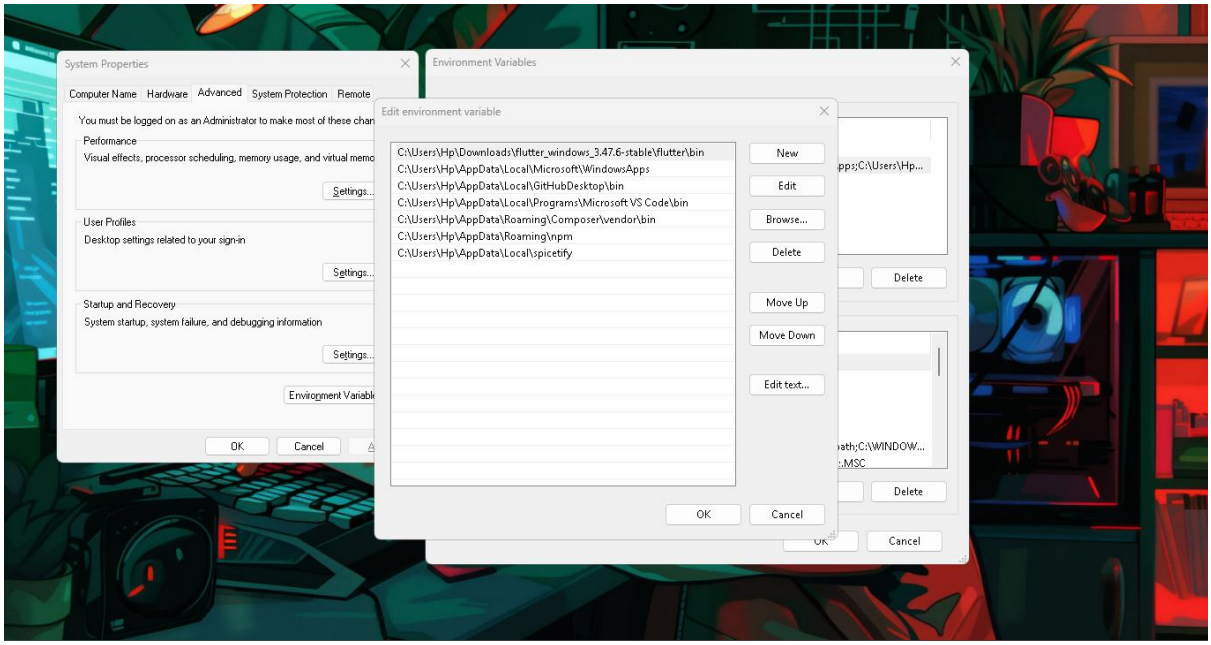

4.Tunggu proses nya hingga selesai

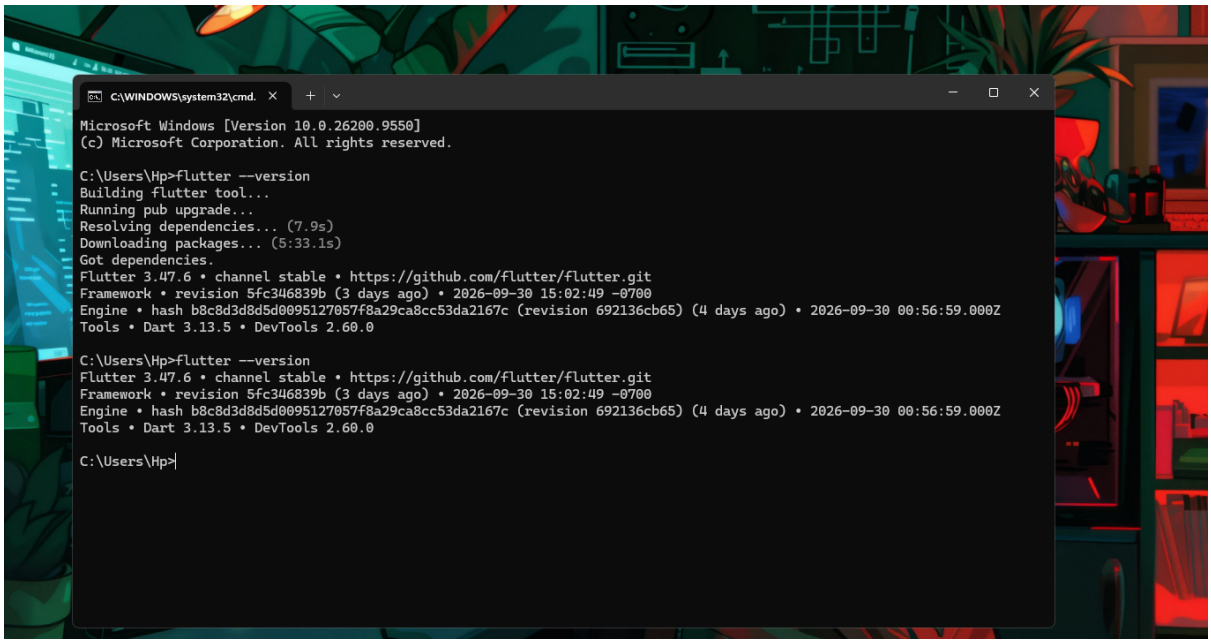

5.Setelah extract selesai lalu edit environment variable nya terlebih dahulu

6. Lalu masuk ke environment variable dan ubah path lalu tambah yang baru yaitu Flutter\bin (sesuai dengan alamat folder flutter nya)

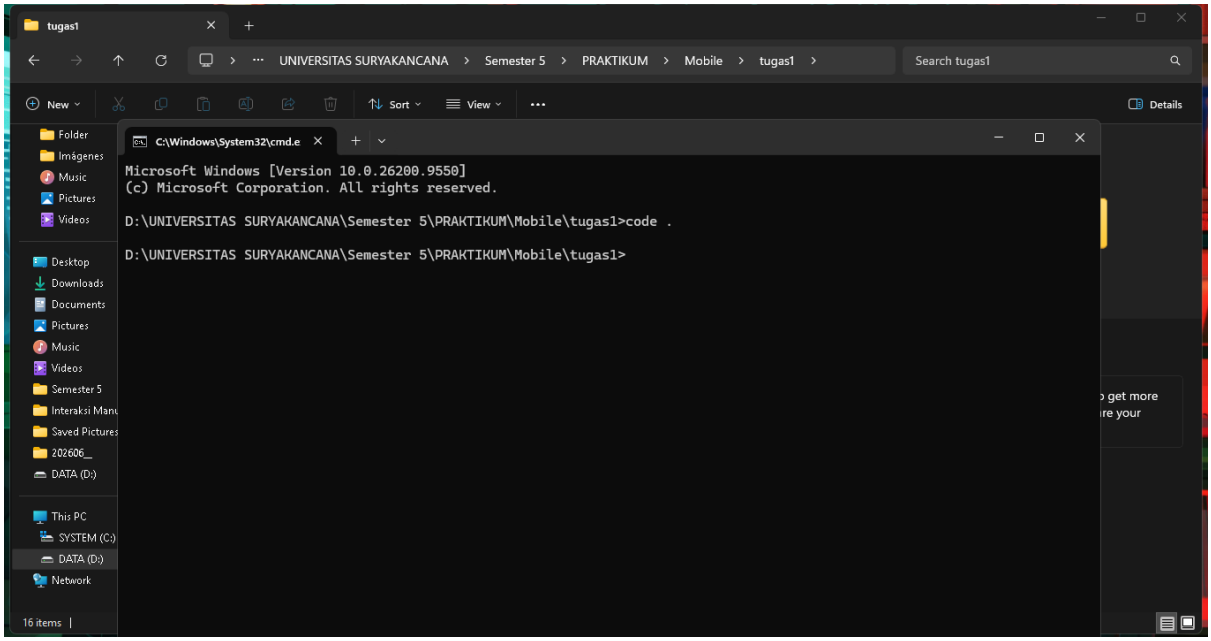

7. Cek di cmd dan ketik flutter –version dan tunggu proses download nya hingga selesai

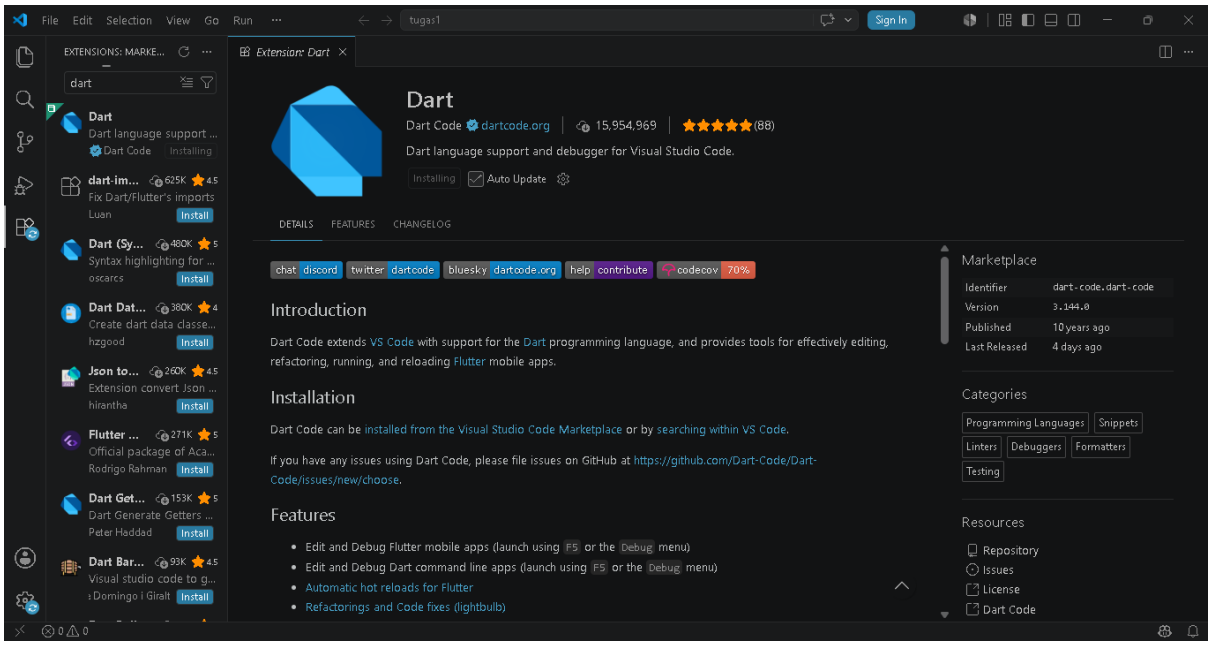

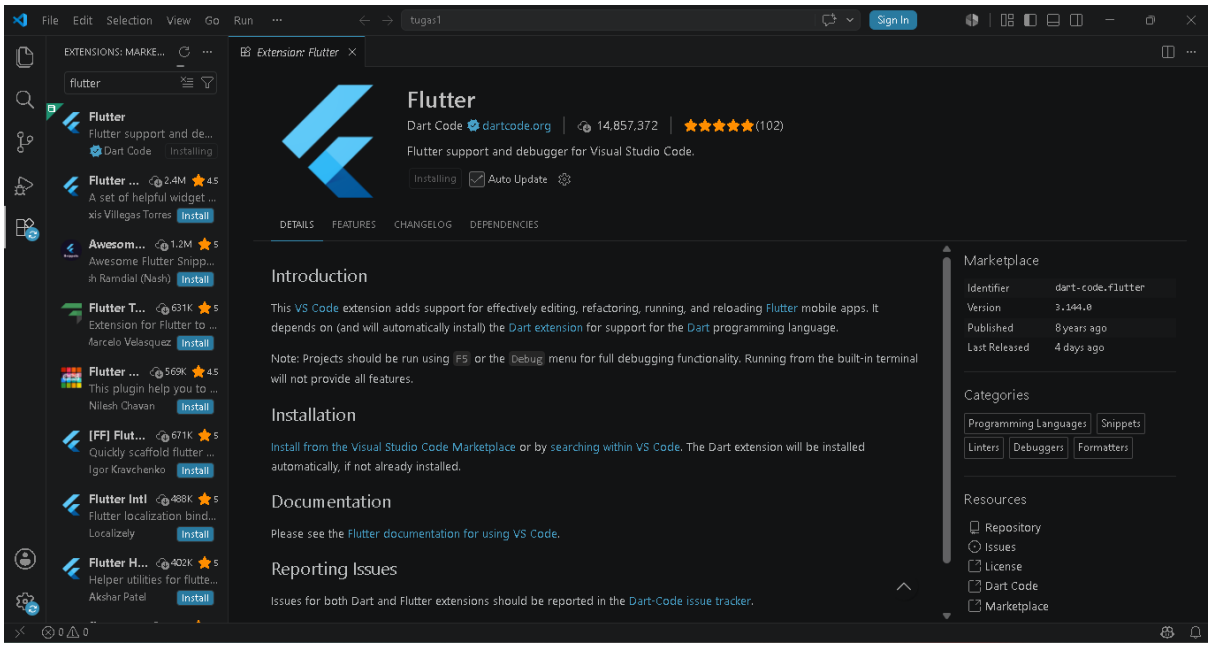

8.setelah selesai buat projek untuk flutter nya di cmd dengan mengetik flutter create tugas1

Lalu jalankan vs code nya

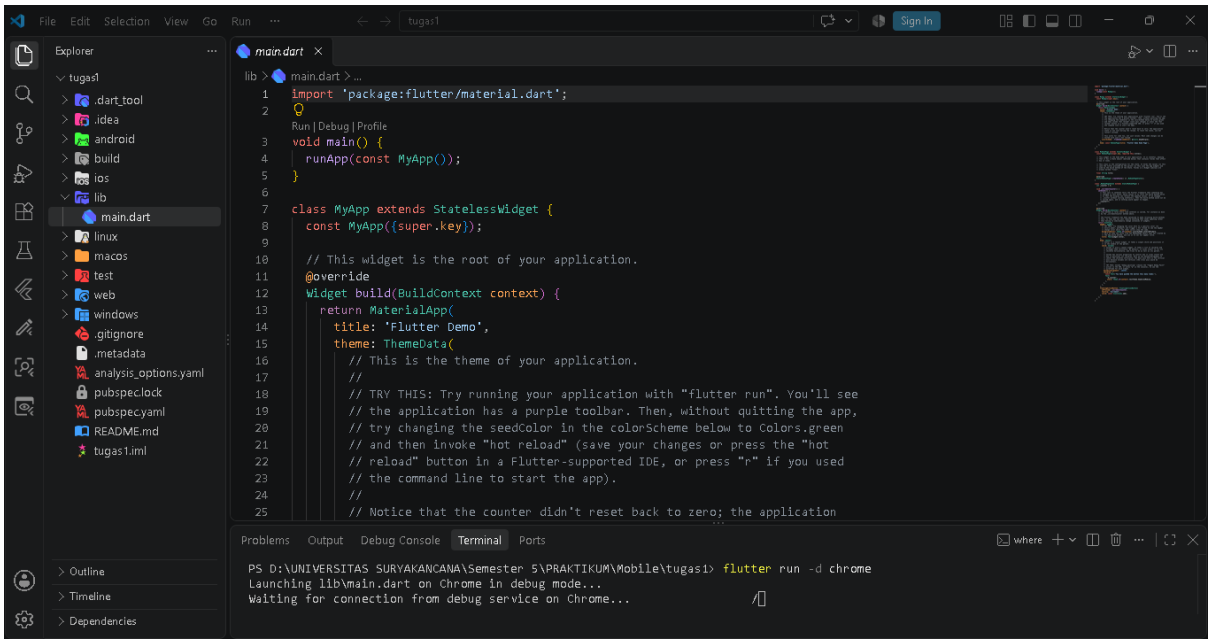

9.Setelah Vscode terbuka lalu install extensions dart dan flutter

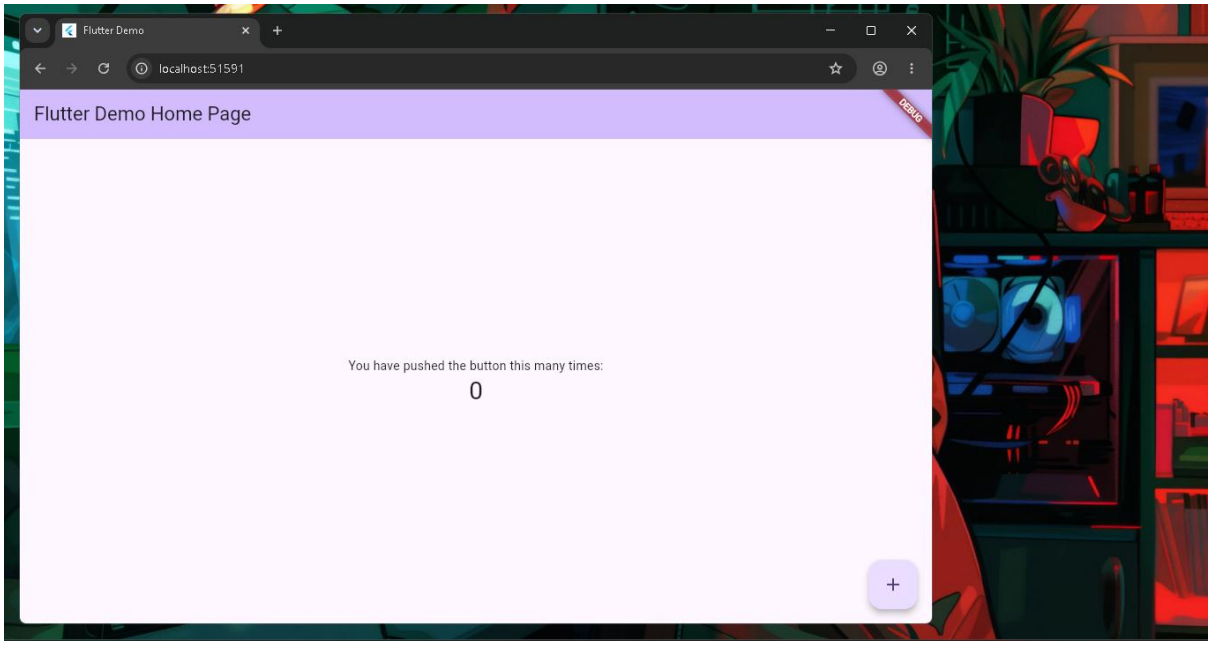

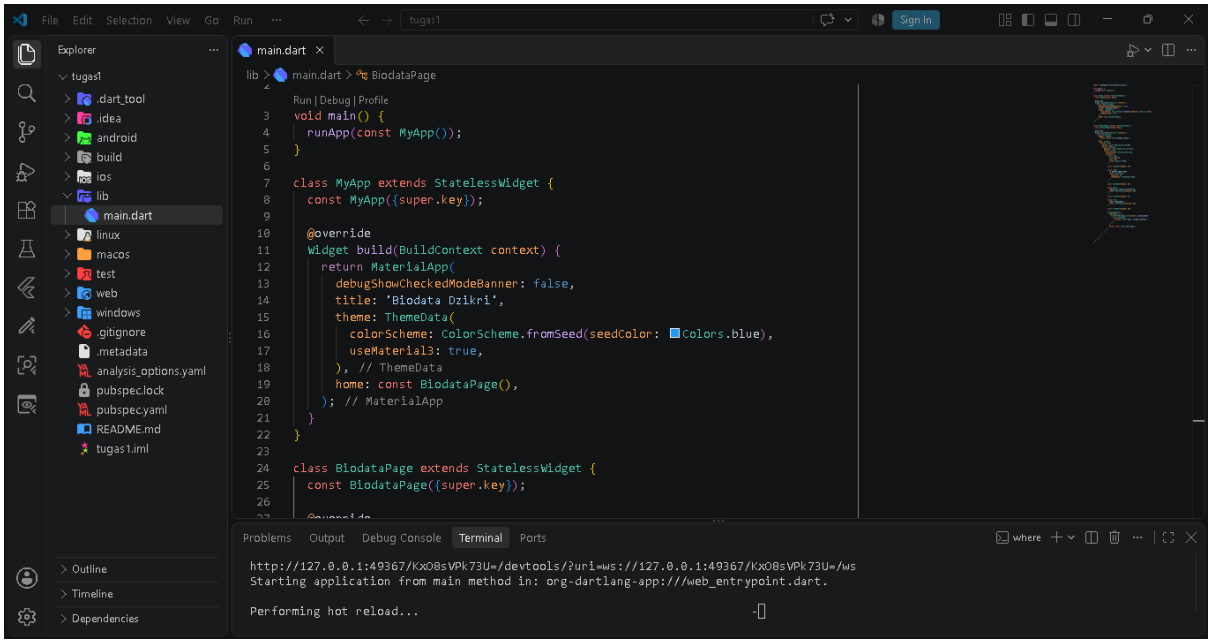

10. di terminal jalankan flutter run -d chrome untuk membuka chrome

11. setelah berhasil maka akan muncul tampilan chrome nya seperti ini

12. lalu kita modifikasi di file main.dart dan setela selesai klik di terminal lalu hot reload dengan menekan tombol R di keyboard

13. buka kembali chrome tersebut dan sudah di reload dan tampilan nya berubah.
